

HUGO STINNES, GERMAN FINANCIER, DEAD

FRENCH POLICIES ARE CONFIRMED BY EXPERTS, FEELING

PARIS DECLARES REPORT BACKS ASSERTIONS ABOUT GERMANY.

NO ALLIED MEET

Next Move Up to Reparation Commission; Will Seek Berlin Attitude.

Paris—After 24 hours consideration of the reports of the two reparation committees, spokesmen for official circles today declared no opinion had been formed of the recommendations contained in the documents. Satisfaction, however, was freely expressed that the committee had been able to confirm the French attitude regarding Germany.

It is assumed by the officials that the French report, which the French have been saying for three years as to these four points:

"That Germany was allowing her capital to be sent out of the country that she was practicing and practicing in her budget that she was neglecting to improve proper taxation and that she was excessively developing her entire industrial installation in flagrant contradiction to her continued plans of distress."

One of the unexpected results of the filing of the reports is to end all talk of an approaching entente cordiale. It is declared that official circles are ignorant of any intention by Premier MacDonald of Great Britain to come to France and are unaware of any intention by the British premier to meet the French premier.

"The reparation commission has been on the floor for the past several days and the commission is likely to do concerning the experts' plan. The impression given out at the commission is that it will be no contract between the entente governments or their plenipotentiaries before the French elections."

Meanwhile it is thought probable that the reparation commission will endeavor to draw out the attitude of the German government and that it will be no contract between the entente governments or their plenipotentiaries before the French elections."

REPORT FAVORABLE. Berlin—The editorial comment published in the Berlin newspapers today inclines to the opinion that the report of the reparation commission constitutes a basis for negotiations.

Only in the isolated instances of the nationalist organs is opposition to the recommendations of the commission. The nationalist organs are "unacceptable" which has greeted past plans is wholly lacking.

Yorvork says its rejection would be a catastrophe for the world on which the "French imperialism" are unquestionably speculating.

"The question which now confronts any German is whether the socialist organ continues, 'Is it not a march into the Ruhr and drive out the French? If not, then there is only one path to freedom left and that is indicated in the experts' report.'"

STUDY, SAYS STRASSMANN. London—The German foreign minister, Dr. Strassmann, questioned by the Daily Express correspondent regarding the report of the reparation experts, is quoted as saying:

"I am collecting and myself are carefully studying the momentous document. It is too early yet to make any comment beyond saying that we realize that the report is the product of earnest and expert study by a body of men who are anxious to solve the reparation problem."

"We approach our study of the report with absolute impartiality and with conviction of the impartiality of its authors."

CONSIDER DATE OF SHIP ENFORCEMENT. Washington—The shipping board has called a meeting for next week to consider whether the date decreed on for enforcement of section 25 of the merchant marine act, granting preferential freight rates to goods moving in American bottoms, was premature. Commissioner Thompson disclosed today before the house merchant marine committee.

STODDARD HELD FOR TRIAL, APR. 18

Court Does Not Deem it Necessary to Pass on Validity of Warrant.

Ray Stoddard must stand trial on a liquor charge, April 18, Judge H. L. Maxwell ruled Thursday after two days' consideration of arguments presented by District Attorney S. C. Lowndes and the defense.

In holding Stoddard for trial, Judge Maxwell said that he upheld the chief's right to arrest him under the conditions, but said he was not passing on the legality of the warrant. He held that a ruling on this phase of the argument was not vital in this case, because the police had a right to arrest Stoddard without a warrant when they spotted up alleged liquor which was trickling out the door from Stoddard's pocket.

Had not such a condition prevailed when the police arrested Stoddard, there might have been some question as to whether Stoddard or any other bystander could be searched, the judge said.

In connection with the supreme court's finding this week upholding the provisions of search and seizure warrants based on information and belief, Judge Maxwell said this has been the practice with him and the district attorney ever since the Severn act went into effect. Some courts, he said, have required actual knowledge of prohibition law violations before issuing search warrants, but he has always issued them on information and belief. He issued 120 of them last year.

ONE LANGLEY INDICTMENT ELIMINATED

Washington—The government today nolle prossed one of the indictments against Representative J. W. Lingley, republican, Kentucky, who is charged with conspiracy in connection with liquor violations.

The indictment eliminated in that against him individually. Another in which he is named with several others still stands.

SPEED UP INQUIRY INTO RECORDS OF DAUGHERTY BANK

BOOKS OF OHIO INSTITUTION WILL BE EXAMINED SOON.

BURNS ON STAND

Phone Call to Great Falls, Mont., Subject of New Questioning.

BULLETIN. Washington. — Without explaining the purpose, the Daugherty investigating committee today heard testimony about a telephone call by George D. Lockwood, secretary of the republican national committee, to Great Falls, Mont., where a federal grand jury recently returned an indictment against Senator Wheeler, the committee prosecutor.

Arthur Lashburn, an official of the telephone company, was put on the stand, after a formal protest, was allowed to testify that Lockwood called Blair Colton at the Rainbow hotel in Great Falls, and talked with him for two and one-half minutes.

The records showed that Lockwood's telephone call to Great Falls took place yesterday.

Washington. — In executive session the senate Daugherty committee decided today to speed up its investigation of the books of the Midland bank at Washington.

Senator Moses, republican, New Hampshire, who was named as a sub-committee member to make the Ohio inquiry with Wheeler, vigorously opposed the prosecutor's plan and the withdrawal from the sub-committee. Chairman Brookhart taking his place.

The committee has been seeking for several weeks to get access to the books of the Midland bank, of which W. S. Daugherty, brother of former Attorney General Daugherty, is president. At first the records were subpoenaed but the bank refused to produce them to send them to Washington.

A subpoena also was issued for M. S. Daugherty, but he had failed to appear here and contempt proceedings against him have been considered.

The committee prosecutor believes the bank books contain evidence confirmatory of certain testimony given in regard to the financial operations of the Daugherty family.

The meeting of the committee this morning behind closed doors is said to have developed some new opinions among members as to the best method of procedure. Senator Moses withdrew from the sub-committee followed an argument in which he said he was in disagreement of opinion that had been developing in the committee came openly to the surface for the first time.

When the doors were opened the committee resumed its inquiry into the Miller Brothers land fraud case in Oklahoma, placing on the stand George L. Miller, one of those who received and held a large grant of Indian lands.

After he had "waived absolutely" any immunity he might have claimed as a defendant in the cases, Miller said he would answer questions.

Miller's attorney, Miller said, would be a "fine."

BOY CYCLIST IS STRUCK BY UNKNOWN CAR

Edward Montague, 12-year old son of Mr. and Mrs. Claude L. Montague, 211 North Pearl street, was struck and knocked from his bicycle at 7:20 Wednesday night by a car which failed to stop after the accident. The mishap occurred at the corner of Madison and Milwaukee streets, the boy escaping unhurt, but his bicycle was demolished.

Witnesses said the car which struck him was a new Ford touring car without license plates, and contained four men.

Police have been furnished with a fairly complete description of the car and are conducting an investigation.

New Hotel Fund Has Been Raised by Citizens Here

Janesville citizens have raised the necessary funds for the new hotel. That announcement came this morning when a subscription of \$2,000 was received, making the fund for the second mortgages \$82,000. It means that Janesville has performed its part of the contract and wants a hotel built here. In the face of some personal opposition here and some indifference at the beginning, the members of the committee, having the task of securing subscriptions, have worked indefatigably for two months.

The result has been made possible by the subscriptions of small amounts of \$10 and \$20 by a great number of the people of the city, men and women, who are not only patriotic but have been imbued with a great loyalty and belief in the future of the city.

It had been agreed with the hotel promoters that in view of the struggle to get a hundred thousand dollars a lesser sum would be accepted and a change was made in the amount so that when the city had raised between \$50,000 and \$55,000, the canvass for subscriptions would end and the amount subscribed be accepted as final for the part of the citizens of Janesville.

Belief in Hotel Need. There has come a general belief in the need for a hotel, the increasing demand for hotel facilities being more and more pronounced each day as the investigation went on, and it is also a general belief that a hotel will be a great benefit to the city.

The promoters of the hotel will now proceed to sell the first mortgage bonds and arrangements to that end are being forward with the expectation that the hotel will be opened for the hotel as soon as that is accomplished, which will it is said be sometime about the early part of May.

DECISION MAY HIT HIGHWAY PROGRAM

Grade Crossing Edict Will Affect Future of Road Work in State.

Madison. — Wisconsin's highway program will be materially handicapped and crippled by a decision of the United States supreme court this week, according to present indications, officials of the state highway commission and the state railroad commission declared today.

The decision, according to Washington dispatches, held that states cannot compel private railroads to abolish grade crossings.

Power Is Taken Away. The state railroad commission in the past has had complete jurisdiction to order railroads to abolish grade crossings and to build overpasses, but the state highway commission and the state railroad commission have been divided on the question of whether to abolish or share in the expense of abolishing dangerous grade crossings on the state highway system.

Applications for allocations of highways so as to eliminate grade crossings or for the abolishment of crossings have in the past been filed with the commission by the state highway commission or county or municipal officials. Mr. Gottle stated, "The railroad commission has exercised its authority to order crossing eliminations in many instances."

Farm Bureau Official Information

FARM TAX OPINIONS.
COLLECTED BY BUREAU
 Madison—Resolutions passed by county boards and town meetings on the question of financing, and county highway programs from a traffic tax or real estate tax, are being received at state offices of the Wisconsin Farm Bureau federation, according to I. M. Wright, secretary. The resolutions are in answer to letters sent to all town chairmen asking that the highway question be taken up at spring meetings.

"As soon as the resolutions, which are pouring into the state farm bureau office, can be checked over and tabulated, considerable information on this subject will be available," secretary Wright said. "A large number of the resolutions were adopted in favor of the traffic tax program. Other townships wrote in additions and qualifications in the blank space provided. Many of these furnished valuable suggestions as to methods of reducing taxation and reducing the expense of government."

CLUB COMMITTEE TO MEET ON SATURDAY

A meeting of the Rock county junior club committee will be held in the court house Saturday, April 12, at 2 p. m. Directors of the club activities will confer on delivery day for the calves and pigs, the filling of orders for eggs for the poultry club and payment of insurance claims.

The poultry club is progressing under the direction of William McVicar, eggs being distributed as fast as they can be selected. The club leader is exercising great care in the obtaining of good eggs from the producing flocks at reasonable cost. All those associated or interested in the junior club work are urged to attend the meeting.

SPRAY REGULATIONS ANNOUNCED BY STATE

KELLEY SHOW WILL BE STAGED IN COUNTY

Preparations for the staging of "Fun for the Farmer," the exhibit of John A. Kelley, were made during the directors meeting of the Rock County Farm Bureau in the court house here on Wednesday afternoon. The exhibit will be held here June 11 and 12 and arrangements can be made may be shown for two days, the 11th and 12th.

The executive committee directed that all four of the Farm Bureau limestone crushers be placed out on contract and the county zoned as to allow full benefit from the crushers.

A resolution was put through to hurry-up the signing of the petitions to have the county-wide test to eradicate foot and mouth disease. The county agent was instructed to aid in the campaign.

The holding of the juvenile institute at the Rock county farm in Evansville was endorsed and it is also planned to have a Farm Bureau day at the county fair this year.

Means of furthering the membership campaign were discussed.

WILL KEEP RECORDS ON STATE DAIRY HERDS

Installation of scientific records of dairymen at all of the state farms operated in connection with rural and charitable institutions will be the first action under the new farm management plan adopted by the state board of control, Glen Householder, farm manager, announced.

Mr. Householder has just returned from a survey of the 12 state farms under his management and expects to outline further improvement plans in the near future.

Scientific records are not kept at several of the farms at present, Mr. Householder said. He declared that this system will be one of the ways by which it is hoped to place the farms on self-supporting or profitable basis. Dairy herds will be culled of unprofitable animals, he said, in an effort to improve the stock.

Manager Householder expressed belief that the new office of farm manager will prove a valuable asset to the state farms and farm superintendents. Other modern methods of management will be introduced on the farms as opportunity occurs, he stated.

JACKSON AT MEETING.
 L. E. Jackson, agricultural instructor of the Janesville high school, spoke on soy-beans, certified seed potatoes and grain during a farmers' meeting at the Rock traffic church this week.

Mr. Jackson, on Friday, attended a meeting of the Smith-Hughes instructors from southern Wisconsin at Madison.

NIGHT SCHOOL IS BENEFIT TO 300

Successful Year Comes to Close—Dressmaking Most Popular Course.

With the examination in economics given the class of bankers Wednesday night at the vocational school, night school for this year is practically concluded, with the exception of the new course for advanced chemistry for nurses, which will be opened at the high school Thursday night with John Arbuthnot in charge.

While no official figures have been given showing this year's enrollment, the total number of students who have received instruction is estimated at 300 by J. M. Durran, director of the school. Classes opened in October with 266 students, and several new classes in various subjects, including chemistry, were organized after that time.

Dressmaking Most Popular

Twenty-three different instructors, including many members of the high school and vocational school faculties, were in charge of the 27 classes. Dressmaking led in the number of classes. In that subject there were three evening divisions, two at the high school and one at the vocational school, and an afternoon class. Two classes were formed in bookkeeping, shorthand, Spanish, and calculating machine operation. One class has been conducted in chemistry (for nurses), practical dietetics, economics, drafting, automotive electricity, machine shop automobile mechanics, auto-mechanics for women (an afternoon class), and English for foreigners. Three months' courses in high school English and handicraft were also given.

Instruction Is Helpful.
 Individual instruction to meet a specific requirement is one of the principal services given by the night school. Many adults, wishing to perfect themselves in a particular line, have taken work in that subject.

Most frequent use is made of this privilege in the use of the typewriting instruction offered, usually for the increase of speed, or for some particular phase of it, and of the calculating machine facilities offered by the school.

Many preparing for civil service examinations have taken work as a review of previous training, and in at least one case a person taking a correspondence course viewed at it at the school and received the benefit of help from an instructor first hand. This classic program is one of the principal differences between the night school work and the regular school work.

La Veer Divorce Case Postponed

Another postponement was taken in the divorce action of Mrs. James Ward of Escobedo, who with Eleanor La Veer of Janesville are the wives of James Ward, now an inmate of the Iowa state prison, when called in the circuit court at Lancaster, Wis. Judge Sherman L. Smalley continued the case until the next term of court.

City and County Consolidation Is Issue in Butte

The city of Butte, Mont., and Silver Bow county, in which it is situated, are to vote May 12 on a proposal for city-county consolidation under a council-manager government, according to information received by the local city manager, Henry Traister, from the city manager of Butte, Mont., on the city manager plan as worked out in Janesville and Clarinda, Ia., is sought. Another request for information reaching the local executives' desk is from a Missouri high school pupil, who asks how Janesville is getting along under the commission form of government. To this query it must be replied that Janesville discarded the commission form in 1918, after having it for six years, and went back to the Aldermanic form of government. This system went out in 1922 when the city manager plan went into effect.

BADGER DIVORCE RATE INCREASING

Reaches High Mark in 1923, Figures of Health Department Indicate.

Madison.—The divorce rate in Wisconsin during 1923 was the highest of any year in the history of the state, with one exception, according to statistics compiled today by the bureau of vital statistics of the state health department. The percentage of divorces last year stood at 12.5 per cent, according to the report. Tabulations cover the twelve months ending September 30. During the period records show 2,210 divorces and 17,676 marriages.

The year 1918 has a slightly higher percentage record than last year, the department declares. In that year, divorces numbered 13.3 per cent as large as marriages.

The records for the last eight years follow:

Year	Divorces	Rate
1916	1,775	9.6
1917	1,707	8.7
1918	1,585	13.3
1919	1,565	9.2
1920	2,425	10.8
1921	2,112	11.3
1922	2,689	11.9
1923	2,210	12.5

"Crucial and allied actionable causes stood highest in the list of divorce grounds, 1,116 decrees resulting for these reasons," the report declares. "Desertion was second with 534, followed by non-support, 330; drunkenness, 48; adultery, 43; fraud in marriage, 38; voluntary separation, 28, and imprisonment, 8. The largest number of divorces were granted during the first four years of married life. A total of 743 were

Smoke-Stained Teeth Bleached White

New Safe Method

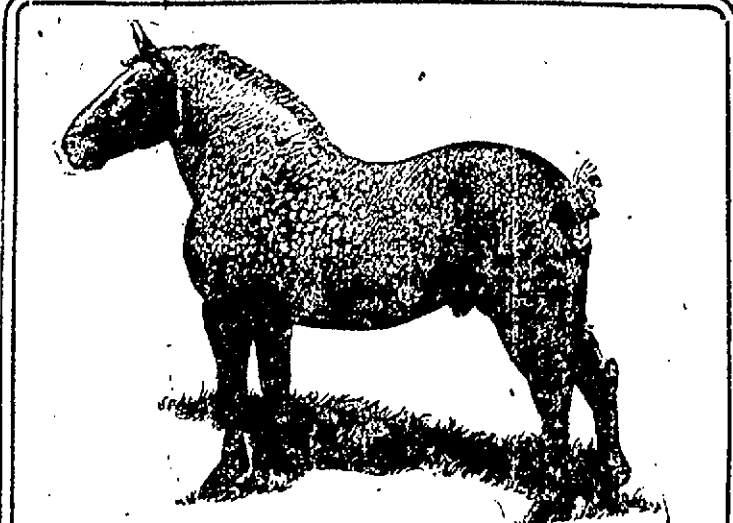

Say Good-bye to unsightly tobacco stains on teeth! Bleachedent Combination—the new safe treatment—removes stains and gives teeth a new

flashing whiteness, almost "while you wait!" Consists of mild, safe fluid which softens the stains, and a special kind of paste. The paste is vitally important as it not only removes the softened stains—but prevents formation of new stains. No effect on enamel as its mild ingredients are intended to act only on stains—not on enamel. To avoid disappointment, beware of cheap imitations. Always insist on genuine Bleachedent Combination—the SAFE treatment. Money instantly refunded if not delighted with results of first application. For sale at all good druggists. —Advertisement.

PRUNING DEMONSTRATION.

What Growing Children Need

EVERY mother knows that a growing family needs much nourishing food. Boys and girls need energy for their school-work and their play. Every member of the family must be kept in the best of condition.

One of the greatest of all energy-producing foods is Karo. One reason is that it contains a large proportion of **Dextrose**, the great energy food.

Also, Karo is one of the most economical of all foods. Not only does it cost so little but it can

be used for so many purposes. Karo takes the place of high priced preserves.

You can use it for sweetening in all kinds of cooking, baking, and for stewing prunes and dried fruits.

Ask your grocer for Blue Label Karo or Red Label Karo — both equal in nutrition.

FREE — A booklet about **Dextrose** every mother should read. Explains why children thrive on **Dextrose**. Sent free with beautifully illustrated 64 page Cook Book. Write **CORN PRODUCTS REFINING COMPANY**, 208 East Illinois St., Chicago, Ill.

HURLEY MAN IS CAUGHT IN CANADA

Former Deputy, Who Jumped Bail, to Appear in Madison.

Jumping his bail bond when called to appear before the federal court in Superior, Dominick Glanacola, former deputy sheriff at Hurley, has been apprehended in Ontario, Canada, taken to the federal agent in New York and will appear next week in Madison to plead to a bootlegging indictment of seven counts.

The arrest of Glanacola was announced Thursday by Stanley Ryan, assistant U. S. attorney for the western Wisconsin district.

Prohibition agents posing as bootleggers, it is alleged, obtained considerable illegal liquor off the defendant while he was an authorized deputy at Hurley during a raid last August. When the defendant failed to appear at Superior, the \$2,000 bonds were claimed by the government. After his escape Glanacola was traced to various parts of Canada and it is alleged, was running rum into the United States when identified and arrested on the old charge.

"We are glad to get hold of Glanacola, again, for the evidence not only shows he sold moonshine while a deputy but also offered protection to the detectives in getting the booze out of the town," declared Attorney Ryan.

There will be jury cases in the federal court, Madison, starting next Monday.

FORMER AIDE OF McADOO IS BURIED

Chippewa Falls—Funeral services were held here this afternoon in Notre Dame Catholic church for the late William T. Tyler, director of transportation of American railroads during the war under William G. McAdoo.

PUBLIC ECONOMY
APPEAL IS ISSUED

"Burden" is the subject of a statement made by Thomas E. Lyons, chairman of the state tax commission. In a bulletin published by the Wisconsin Bankers' association and received here today, in his statement, Judge Lyons declares that nearly ninety per cent of the tax burden of the state during the last fiscal year was controlled and expended by counties and local districts, and issues an appeal for rigid economy on part of public officials.

MAY RESIGN ONLY TO SCHOOL BOARD

Madison.—A member of a school board may resign only to the school board, Assistant Attorney General Mortimer Levitan today advised State School Superintendent John Callahan. The ruling also declared that the remaining members of the school board will elect a majority and the appointee hold office until the next annual meeting of the board.

Busy Man's Sport Page

By FRANK SINGLARD

THE JANESVILLE fight club is getting the reputation of a first class place for newcomers to get a start. The readiness of the local management to give a local opportunity to show has made it popular with all aspirants of the state. And it is good. If Janesville can become the spot where aspirants may get a start this is necessary, it will help to keep the supply of fresh material coming up.

THESE some more on that argument about what is the greatest sport. Mr. George of New York has voted the honor to prize fighting. Jack Kuford, Philadelphia writer, says it is baseball. To prove it he says that baseball is the one sport the average man can watch day in and out without becoming bored. Fols flash his incomparable speed and extended length and golf skill; boxing the thrill that comes of physical combat; but even enthusiasts over these sports don't watch them every day. The average source of fans who are very baseball game. Baseball writers who watch games during the spring training season, through the 151-game schedule, world series and all never become tired of them. Primarily this is because baseball offers such an infinite variety of plays. There is less fatigue in other games. It is true in single baseball game ever drew 50,000 persons and a rate of a million and a half dollars, such as the Dempsey-Mirra fight, but in a single game were to be played for the championship of the world and a stadium large enough to seat that number of persons, but baseball is spread over a six months season. The world series is a six game series, at least a week there is not the explosive interest that comes in a fight that possibly a half hour. Golf and tennis are certainly taking their place as the national sports; the sports that are played rather than watched, but baseball will continue to last as a six months spectacle.

BRINGING UP FATHER

Red Sox, Renovated Club, Should Prove Interesting

Glances at the above lineups and you will see how great has been the change in the Boston Red Sox team since the curtain was rung down on the last campaign. Recall, also, that the ownership of the club has changed since the heat of last year's race and that a new man now rides the managerial reins.

It becomes perfectly obvious then that to do up such an outfit and place it in the coming race—among teams that are undergoing major or minor changes at the same time becomes a husky job. One thing that is apparent, however, is that the team has more playing strength in the new outfit, Lee Fohl, can whip the outfit into a smooth working machine.

Four members of his regular lineup are youngsters—three untried. The experienced one is Norman McMillan, still young but with considerable experience, cleaned from a bench job with the Yankees and then in actual play with the Red Sox last season. He is a sweet little third baseman, when given a chance to get set. Fohl, Lee, the \$50,000 absentee from Tulsa, seems to be everything said of him. He will not only play short, but lead off.

That who will be seen in center field did not draw the press notices Lee did, but his work in the garden has been brilliant. He has given every indication of being a slugger, not McMillan, but against the Texas leaguers while playing with San Antonio last season.

Boone, one of the famous brothers, and also once a Giant, was a team mate of Fohl's last year and managed to hit over a .402 average. He is a capable, though not a brilliant outfielder. On the other hand, Fohl has added three veteran campaigners to his team who are good for at least another season. They are George, O'Neill and Ray. George, O'Neill and Ray are good for at least another season. They are good for at least another season. They are good for at least another season.

Clever. That's the adjective that is used more than any other when Joe Clein, Milwaukee Junior Lightweight, is the subject of conversation. He is a look at him, pictured above, Clein is to meet Joe Azarella here April 23 for the Junior Lightweight championship of Wisconsin. The bout will be staged in the stock pavilion of the fair grounds, Friday night of this week. Clein fights right, Azarella is a southpaw. Clein is a southpaw. Clein is a southpaw.

Win Not Needed to Be Success. Madison—American colleges do not need to have winners or wonder athletic teams to make them a success. In the opinion of Prof. C. D. Coe of the University of Wisconsin, "Moreover, colleges and universities are not justified in placing athletic achievement above all other aims and sacrificing standards as a means of attracting promising athletic material. The university professor said, "Athletic should be more interested in fair play than in successful teams." Coe declared, "Athletic success is not necessary to make a school successful. The effect of the ruling is to make a school which has a long record of victories."

Hoppe Comes Back Fast. New York—Stirling with perfect precision and accuracy, Willie Hoppe, world's 182 bulking champion, assumed a commanding lead over his Belgian challenger, Edouard Horreman, in the first round of the second block of the title match.

The champion now has a lead of 1,000 to 410, with but one more block to play. Hoppe started where he finished Tuesday night, adding eight to his unfinished run of 37. He missed a closed season from March 1 to June 1 for hook and line fishing for all game fish in Wisconsin is legal and relates to all lakes and streams in the state unless specifically exempted. Attorney General Herman L. Eklund issued Thursday in an opinion to Elmer S. Hall, conservation commissioner.

\$1,800 in Cash Prizes for G. & N. Pin Classic

Copyright 1920, by Geo. McManus

Entry blanks and advertising have been mailed for the southern Wisconsin-northern Illinois meet to be conducted by Grebe & Newman on their alleys here, April 20 to April 29. The prize list for the big meet will total \$1,800. There will be gold medals for first place in every event. All entry money, except 10 per cent, will go into prize money and medals. Entries will close on April 14, next Monday. They will be \$2 for each event, with bonus on extra entries. Teams within a radius of 50 miles will be eligible. This qualification was made to keep out the pot-hunters of Chicago and Milwaukee. The meet will be a sanctioned affair. A large entry is expected from Janesville.

Platteville Plays Milton 11 Here. Platteville, — Platteville Normal school's football schedule for next year has been completed by Coach Orton Keyes. The completed schedule, with one open date which is not expected to be looked, follows: Sept. 27—Mount Carroll academy at Normal, Ill. Oct. 3—Stevens Point normal at Platteville. Oct. 11—La Crosse normal at La Crosse. Oct. 18—Open. Oct. 25 — Oshkosh normal at Platteville. Oct. 31—Whitewater normal at Platteville. Nov. 7—Milton college at Janesville. Nov. 14—Wisconsin Miners at Normal campus.

Outdoor Practice Starts at Milton. Milton, — Outdoor practice in baseball and tennis began Monday at Milton college. Much experienced material in both sports is available and the practice look promising. George Hutchins, veteran catcher, was re-elected Monday to the captaincy of the baseball team, a position which he held last year. Charles Kneeland, star of the Milton 1922 net team, was elected to head this year's tennis squad, and Lloyd Senger was chosen to act as track captain this year. A broad-jumper and a low-hurdle man. Twelve or thirteen baseball games will be played and a like number of tennis matches. Two or three track meets will be arranged. None of the schedule will be completed by Coach Crandall.

Chill No Drawback to Motor Outing. Postponed from Tuesday night because of rain, a motorcycle booster run was made to Janesville Wednesday night, despite the chilly weather. A camp fire and coffee and sandwiches were waiting for the riders at four-mile bridge on their return. The run was a success, and the riders will be back in the city tomorrow night. The Red Sox cannot be counted on to climb much higher in the race than they last year. The team is in the formative stage. It has not been strengthened any more than most of the other clubs. That it ought to be a smoother working machine and a lot more interesting to watch.

Sure Way to Get Rid of Dandruff. There is one sure way that never fails to remove dandruff completely and that is to dissolve it. Then you destroy it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it to night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most, if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store and four ounces is all you will need. This simple remedy has never been known to fail.

No Fishing Till June 1

Madison—A law passed by the 1923 legislature establishing a general closed season from March 1 to June 1 for hook and line fishing for all game fish in Wisconsin is legal and relates to all lakes and streams in the state unless specifically exempted. Attorney General Herman L. Eklund issued Thursday in an opinion to Elmer S. Hall, conservation commissioner.

The ruling was issued in connection with attempts to make the law non-applicable to Lake Winnebago and certain other lakes in the state. The effect of the ruling is to make these waters subject to the closed season.

It can hardly be said that it is unreasonable or absurd in abolishing open season for hook and line fishing for game fish in certain localities and in providing a general closed season, therefore, over all the state. Attorney General Eklund said.

\$200,000 SCHOOL FOR JEFFERSON?

Plans Are Proposed at Meeting of Board and Citizens' Committee.

Jefferson — Proposal that Jefferson build a new high school, to cost \$200,000, fully equipped, to replace the structure destroyed by fire recently, was made by Prof. H. W. Schmidt, high school inspector, at the special meeting of the board of education and the citizens committee held Wednesday at the public library.

Working of the brick walls of the destroyed building was ordered to start Thursday and as much of the brick will be saved as it is possible again to use. The entire structure will be torn down, the board and committee not believing it advisable to use the north wing of the old building.

The board of education and the committee will motor to Oconomowoc Saturday to inspect the new high school built there last year. Professor Schmidt declared he believed that type of building would meet the requirements here.

Further plans and information from the state are awaited before the committee proceeds towards deciding on plans for the high school building. George Kispert, president of the board, will call a special meeting Monday or Tuesday, after the plans arrive.

FRECKLE-FACE

Sun and Wind Bring Out Only Spots. How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable expert that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion, the expense is trifling.

Simply get a ounce of Othello's double strength— from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othello as this strength is sold under guarantee of money back if it fails to remove freckles. —Advertisement.

Miss Inez Myland, Edgerton, was bridesmaid at the wedding of Bonnie Johnson to Levi C. Hollickson, at Stoughton, Wednesday. Miss Johnson, daughter of Mrs. S. A. Johnson, was married to Mr. Hollickson, also of Stoughton, at the former's home. The Rev. M. H. Hegan officiated. Gustav Hollickson, brother of the bridegroom, was best man. Mr. and Mrs. Henry Johnson, this city, attended the wedding.

RYAN TO BE BUSY IN U. S. CRIMINAL CASES

Assistant United States District Attorney Stanley M. Ryan, Janesville, will be busy next week at Madison with trial of criminal cases, which will be called in the western district court before Judge C. Z. Lane, Superior.

Only a number of liquor cases it is expected will be disposed of without jury trial through entrance of guilty pleas.

It is understood that attorneys for E. L. Brumby, Detroit attorney, will ask a continuance of his case in which it is charged with violation of the rivers and harbors act of 1899.

LYMON KIMBALL IN U. OF W. BRASS BAND

Lamon Kimball, son of George F. Kimball, Janesville, is a member of the University of Wisconsin band, playing a saxophone. He was one of the 70 band players who were at White-water recently and were entertained in homes there.

Others from southern Wisconsin who are members of the band are C. W. Ossington, Redwood; Mark C. Benfante, Jefferson; Meyer R. Katz, and W. J. Hefty, New Glarus; Jay Bender, Delavan; and Maurice Benfer, Elkhorn.

FREE BREAKFASTS FOR 1,150 "BOES"

Feeding of "Floppers" Expected to Continue Until May 1st.

Free breakfasts are still being provided for "floppers" registering for bunks at the city lockup every night and the practice will be continued until warmer weather arrives, probably up to May 1st. The feeding was begun Dec. 12 and since that time it is estimated that a total of 1,150 have been given breakfasts here without any charge, the meals being in charge of the police department and under the supervision of the J. J. J.

Since Jan. 1 there have been a total of 887 customers, or an average of 10 a night. During the past few weeks a change has been noticed in the type of visitors and police believe it due to the fact that Chicago is closing its lockups and now workers out of the city. There have been few "repeaters" the past month, it is claimed, probably because the veterans thought it best to continue on their aimless routes rather than return to Chicago to start out on another round trip over a smaller circuit, as has been the custom of many in the past.

The age of the visitors ranges from the youngest boy runaway up to men 70 and 80 years old. Whenever there is a large number of sleepers they may be found perched on top of the cells and on the floor as the bunk accommodations are limited.

The highest registration for any one night this season was Feb. 5 when 26 slept in the lockup. Other nights of large turnouts were Feb. 12, when there were 25; Feb. 21, 24; March 8, 22; March 20, 19; and April 5, 12.

Monticello Will

Have Free Movies

Monticello—They are going to have free motion picture entertainments in the village of Monticello this season. As a result of action by the Monticello Business Men's association, who have also decided to establish a free motorist camp site near the mill pond.

Free motion picture shows will be alternated every two weeks with a band concert. The concert will be in the park and the motion picture show in the theater, with the doors thrown open to everyone. The Monticello municipal band will probably give the concerts.

Gasolene lights also are considered for the downtown section.

WOMEN CALLED ON FOR CRUSADE OF LAW OBSERVANCE

(Continued from page 13)

Cleveland, and Mrs. Taft, and today's list of speakers includes besides Commissioner of the General Land Office, William H. Taft, assistant attorney general, Senator Walker George of Georgia; Secretary Wilbur; Kathleen Norris, novelist, and representatives of a number of women's organizations.

"All citizens," said Secretary Hughes in his message, "respect the laws they like. The test of devotion to our institutions is respect for law itself. Respect for law is the basis of all good government. It is the basis of all progress. It is the basis of all civilization. It is the basis of all human progress."

"I urge new crusade," Mr. Taft said to the delegates the "call to a second great crusade" was "not so much in the interest of prohibition, but in the interest of its enforcement, and particularly the observance of law and the constitution of the United States." Assuring them that "had men are elected by good women who stay away from the polls on election day," he urged that all women assume the full responsibilities of citizenship, including jury service and take active part in "meeting, nullification, propaganda."

Mrs. Wilbur declared "a good old fashioned revival of devotion to the constitution is needed now," and asserted that "whole communities have civic sleeping sickness."

"Corruption in high places is revolting," she said, "but the condition that will prove fatal to this country is lethargy in local government. Mrs. Norris described prohibition as a "new fashion in morals," which she described as an issue the women "are determined to put in all parties."

Mrs. Henry W. Peabody of Beverly, Mass., president of the Northeastern district of the Woman's Baptist Foreign Missionary Society, in her keynote address as chairman of the committee, declared the conference was attended by women representing all political parties "to ask with the emphasis of the ballot that this moral issue be included in all parties and that only men be elected who will honestly enforce all laws."

Organizations included. Senator George said the question of law enforcement was "much larger" than enforcement of the Volstead act, but the situation involving that statute showed democratic institutions "on trial."

Organizations from which greetings were delivered included the General Federation of Women's Clubs, Federation of Women's Foreign Mission societies, Congress of Mothers and Parent-Teacher associations, National Council of Women, National League of Women Voters, Daughters of the American Revolution and Young Women's Christian Association.

CANDIDATE DEMANDS WATERTOWN RECOUNT

Watertown—A recount of the votes in the second, eighth, ninth and eleventh wards has been demanded by A. H. Hartwig, defeated candidate for mayor, in a petition filed with the election board. Hartwig charges irregularities in the voting in these wards and fraud in the third ward.

FIRST CHILD BORN IN MILTON TO BE 84 THIS MONTH

From Clear Lake, Ia., comes word of L. L. Sprague, the first white child born in Milton, who April 25 will celebrate his 84th birthday, according to his son, George L. Sprague, with whom he lives at 205 South street, that city. Mr. Sprague's mind is clear and he reads without glasses. Because of injuries received in a fall five years ago he is confined to his home. He has reached a decision that he wants recognition in the Gazette family, having been among its earliest readers.

JUDGMENT IS ENTERED FOR \$7,176 DAMAGE

[SPECIAL TO THE GAZETTE] Jefferson.—Following the denial by Judge George G. Gurnea of a motion for a new trial, judgment for \$7,176.28 in favor of Mrs. Ralph McLeary against her mother-in-law, Mrs. Ida Elmer McLeary, has been entered in the circuit court here. The damages were given by a circuit court jury trying the allegation of affection's suit.

Judge Gurnea heard the motion of attorneys for the defense March 1. It was argued by M. O. Mount, Janesville, and Elston Johnson, Watertown, for the defendant, and Marvin Wallace, Chicago, and Wallace Thauer, Watertown, for the plaintiff.

The case was tried Feb. 16.

Milton Glee in

Concert at Home

Milton.—The Milton college glee club gave its annual home concert here Wednesday night before 500 persons. The club showed itself worthy of the praise which has been accorded it at all its concerts.

The program was the same as that sung at Janesville a few weeks ago. Milton songs opened and closed the program. The sacred songs and a mixed group were well received in the first part of the concert. The quartet sang three fine old English songs and responded to an encore with Mozart's "Lullaby," which proved to be one of the best selections rendered.

The "Act of Up-to-date Grand Opera" pleased the audience. Because of the insistence of his listeners, H. R. Stewart sang two of his Scotch songs after singing a song which was not so familiar.

Features of the final group were the Hawaiian string music, which was rendered again and again, and Prof. J. H. Stricker's singing of the negro spirituals and "The Red Man's Death Chant."

This concert is the last of the season for the organization. Sixteen concerts were included on the club's itinerary and the quartet sang at two Y. M. C. A. convocations outside of the regular work.

New German Oil Formula Rubs Out Rheumatic Pains

Remarkable Discovery Promises Relief to Rheumatic Sufferers. German chemistry that has given to the world the boon of Aspirin for the relief of headache pain and Novoraine for painless delivery, has now come forward with another scientific discovery that promises to make rheumatic pain a thing of the past for thousands who have suffered terrible tortures.

A new combination of certain oils has been discovered, which produces a clear amber liquid that affords immediate relief from pain in many instances. It is so penetrating that it disappears within a few seconds, so that it must be entirely absorbed by the body. Even in the most advanced and stubborn cases the use of this remarkable oil has shown astonishing improvement at once in many cases. Tired muscles regain life, cramping joints with the pain all gone, rheumatic and the annoying twinges cease.

Thousands, in many cases, are due to internal diseases such as a blind pus pocket in a tooth, which gives off poisons. These poisons are carried by the blood to the muscles and joints, and this new oil is designed to neutralize pain-causing poisons. No numbing effect has been the result from the use of this oil that the American distributors have authorized local druggists to dispense it as a rheumatic sufferer in this city, with a positive written guarantee, signed by themselves to return the full purchase price of the first bottle if the rheumatic pains are not wonderfully relieved. All who suffer from rheumatic pains should take advantage of this liberal offer. Unless you get relief from the very first bottle, your druggist will return your money. It is called Amber Oil, and can be had at most good druggists, such as Geo. E. King, Red Cross Pharmacy, Reliable Drug Co., Smith Drug Co., Advertisment.

PRIDE IN APPEARANCE

A Magnificent Display for Our 'Pride in Appearance' Event

Our Participation in This Nation-wide Movement Presents a Remarkable Opportunity for You—This Event Will Long Be Remembered for Its Splendid Assortments, Better Styles, Greater Values

The "PRIDE IN APPEARANCE" Movement is sweeping the country. Everywhere men have come to realize that they owe it to themselves, to their families, and to their position to dress well. Everywhere men are demanding new and better things.

Beginning today, and until Easter Sunday, our store is given over to "PRIDE IN APPEARANCE." This Event will present to every man in this city a wonderful opportunity to procure the best in men's wear.

We began our preparations months ago. We realized that we must offer the newest and best in men's wear. We have searched the markets for the finest. We have secured the cooperation of leading manufacturers, who have furnished us finer merchandise than ever before.

As a result, never in the history of our store have we had such splendid displays of merchandise. In clothing, shirts, hats, hosiery, neckwear, we have assembled the latest and best.

The new spring Society Brand styles are a revelation in clothes comfort. Cut on the new, loose, easy lines, they are the best clothes ever turned out by these famous makers.

In hats, there's a snap to the spring styles we haven't seen in years. In scarfs, there's a selection here to suit the taste of every man. And so on through the store—new things in shirts, hosiery, and everything men wear.

And not only are the assortments larger and the styles better, but the values are greater than ever before. The values offered alone will make the "PRIDE IN APPEARANCE" Event one long to be remembered.

The New Spring Suits

for men and young men are marvels of the makers' genius. Powder blues, plain blues, Cambridge greys, Wales stripes and plaids and neat patterns in unfinished worsteds.

LEVY'S

SHIRTS

There's nothing better looking this season than the colored shirt with starched collar to match. You can wear them, too, with a white collar. The soft shirt, with collar attached, however, is popular and perfectly correct. We have both in a rich variety of shades and patterns—every thing in smart shirts.

NECKWEAR

Foulards are going to be as popular as last year; the bright patterns in endless and colorful variety, both four-in-hands and bows. Knitted ties, too, of course—they will always be good—also French Silks, English Silks, Austrian Silks, Swiss Silks. They're all here.

\$1.00 \$2.00 \$3.50

HATS

There are two styles of hats that are particularly good this season; the care-less effect with the brim turned down, and the well rolled brim on a full sturdy shape. We have both, in a wonderful assortment of the season's smartest shades.
